

# CALLING ALL PARENTS OF CHILDREN WITH OBSESSIVE COMPULSIVE DISORDER (OCD)

University of  
Reading

We want to understand **parents' experiences** of parenting a child with Obsessive Compulsive Disorder (OCD), and their **views** towards parent involvement in treatment for children with OCD.

## WHO ARE WE LOOKING FOR?

- Parents of children (aged **7 to 12 years** old) who are **suspected to have OCD**, or who have a **current diagnosis of OCD**.
- Parents of children (aged **7 to 14 years** old) who were **previously diagnosed** with OCD (when aged between **7 and 12 years** old).
- Parents who are **yet to seek professional support** for their child's OCD, or whose children are on a **waitlist** or currently **receiving any treatment** for OCD or whose children have **received any treatment** for OCD (when aged between 7 and 12 years old).

## WHAT WILL YOU BE ASKED TO DO?

We will ask you to:

- Complete **short questionnaires** about your child and your family.
  - Take part in an **interview** about your experiences of parenting your child. We will provide you with information on treatment for OCD and the ways parents can be involved, and ask you for your views on this.
- Interviews can take place at your home, the University of Reading, Berkshire Healthcare Foundation Trust, via telephone or Skype.

**You will receive a £10 voucher for taking part in the interview**

**Interested?** For more information please visit our website:
