

Children with OCD: Identifying Acceptable Support Strategies for Parents

(This study was given ethical approval by West of Scotland Research Ethics Committee 3 on 16/10/2020 (Ethics Ref no: 20/WS/0131))

Would you like to take part in an online meeting to help finalise a support package for parents/carers of children with obsessive-compulsive disorder (OCD)?

We are looking for:

- **Parents/carers*** of children with OCD age 8-18 who live in the UK
- **Professionals** working in any UK setting (e.g. health, education, third sector) who support children with OCD age 8-18

The meeting is expected to last approximately 2 hours and will take place online (guidance will be given) on 04/11/2021, 10:00-12:00

To request a study information sheet or for further details, please contact our study researcher:
