

Have you experienced suicidal feelings at any time and are you pregnant or have you given birth in the past year?

Researchers at the University of Manchester are investigating how best to ask women about their suicidal experiences

You are invited to take part if you are:

- ❖ **Currently pregnant or gave birth in the past year**
- ❖ **Have experienced suicidal thoughts/behaviours at *any* time**
- ❖ **Are aged 18 +**

Participation in the study would involve a one to one discussion (in person or via video call), where you will be asked to complete a series of short suicide questionnaire measures and about your opinions of them. One week later you will be invited to complete an online questionnaire about your experience of taking part

To take part or for more information call/text: 07587915084
