Project Title: Uncertainty, Anxiety and Interpersonal Relationships

Reference: 2665/ 39484

Dear Dorothy

Thank you for submitting an ethics application for the project listed above. On behalf of the FMS Ethics Committee, I can confirm that ethical approval is now in place and that work on the project can now commence.

All researchers are expected to abide by the approved protocol in line with the University's Code of Good Practice in Research. You should therefore notify the FMS Ethics Committee of any changes to your project by emailing fmsethics@newcastle.ac.uk and quoting the project title and application reference number.

It is the researcher's responsibility to maintain a record of ethical approval alongside other project documentation such as the approved version of the research protocol, participant information sheets and evidence of consent. If your project is externally funded, the terms of the grant may include certain data retention requirements. For audit purposes, the University recommends that all project documentation should be stored securely for a period of 10 years. If you leave the University during this period, please ensure that this information is retained within your School or Institute.

On behalf of the FMS Ethics Committee, I hope the project goes well.

Best wishes
