

Are you a parent/carer of a child with obsessive-compulsive disorder (OCD)?

Would you be willing to complete a 10–15 minute online questionnaire

Participation will help develop a new questionnaire to understand the experiences of caring for a child with OCD

Scan the QR code, click the link or email the study team to get involved

Who can take part?

- You are a parent/carer (adult with parental responsibility) of a child with OCD aged 8–18
- You live in the UK

Interested or have any questions contact the study team
